## Brian Harman

### Quick Quotes

**Q. That finish wasn't what you were looking for, but 32 on the back nine and 66 in the third round. Great playing out there.**

BRIAN HARMAN: Yeah, I got some putts to drop. I spent some time out on the range yesterday and thought I found a little something, so it was nice to come out and have that round.

**Q. As we stand behind the 18th green it feels maybe a little gustier, but the scoring conditions are really nice so far here at the RBC Heritage.**

BRIAN HARMAN: Whenever you have greens as good as these and you're able to make a lot of putts, if you're hitting it well, here, you're pretty close to the hole, because the greens are so small. You get a lot of good looks and the greens are relatively flat and it's rolling so good, this golf course is playing as well as I've ever seen.

**Q. We've seen 63, 64. Do you think that's out there today in what the guys face?**

BRIAN HARMAN: It depends on the wind. It doesn't take a lot of wind to make 14, 17, 18 and even 10, 11, 12, play a lot different than they did when I played them. A little bit of wind makes it much more challenging, but it just depends on Mother Nature.

**Q. Talk about No. 8.**

BRIAN HARMAN: I did some work yesterday on the range and thought I found something. Nice to hit shots today.

**Q. Nice pairing for you, too?**

BRIAN HARMAN: Yeah, Kyle is a buddy of mine. We have played a lot of golf going back to junior golf. And I enjoy playing with Kyle, for sure.

**Q. You get into the weekend and anything can happen?**

BRIAN HARMAN: It's part of the frustration. Like you know it's possible. And when it doesn't go your way, it's hard to hang in there.

I was more proud of the way I hung in there yesterday, getting to play the weekend because you never know when something like today could happen. It could have been a couple of shots better. I think if the wind stays down, they'll probably shoot some low scores this afternoon.

**Q. Do you feel like you finally got one of those rounds going for you at Harbour Town or did 17 kind of take it away from you?**

BRIAN HARMAN: Well, a little bit. 17 is frustrating, but at the same time, I hit so many good shots I'm not going to beat myself up.

**Q. Going tomorrow you probably need another low one?**

BRIAN HARMAN: Yes, another low one. It's a lot easier to shoot a low score from back in the field than it is leading the pack. So we'll see what happens.

**Q. Going back to the back nine yesterday, you were trying to make the cut. Did you just have to trust your game?**

BRIAN HARMAN: You just never know when the putts are going to drop. I felt like I was making good reads and just a little off, but as the week's gone on I feel like I'm reading them a little bit better and making more putts.

**Q. How did you feel about the putt on No. 14?**

BRIAN HARMAN: I felt really good about it. I was proud of that -- played that hole with some discipline. That's a pretty easy -- as far as 34s go, it's a pretty easy 34.
