

## Dustin Johnson

### Quick Quotes

**Q. When it's that difficult out there does it test your patience?**

DUSTIN JOHNSON: Yeah, a little bit. Because you hit a few shots really close and you want to make them. But around here the greens are tricky. For me, I don't know, I've always struggled reading them. But I hit some really nice putts and I played really solid.

**Q. Knowing what's ahead how nice is to be done and in the position you are going into the weekend?**

DUSTIN JOHNSON: Yeah, I'm in a good position no matter what happens. But it's definitely nice to be done.

**Q. (No microphone.)**

DUSTIN JOHNSON: It was difficult all day. The wind blew consistently all day. Made it tough. But I hit a lot of really solid golf shots. At times it was really difficult to judge the wind but I felt like I played really solid all day, gave myself a lot of opportunities.

**Q. What's the key on a day like today?**

DUSTIN JOHNSON: It's all about controlling your golf ball and distance.

**Q. What was going through your mind when you heard that horn blow?**

DUSTIN JOHNSON: Well, but luckily we could still play and finish the hole. It's nice to get done, that's definitely a bonus.

**Q. How difficult was it playing in these conditions?**

DUSTIN JOHNSON: Yeah, the conditions were tough. I felt like I played really well all day. Drove it good again, hit a lot of really nice iron shots and rolled the putter well. I didn't make as many putts -- I had a lot of good putts just didn't make a lot of them.

**Q. How much does the momentum carry over from Augusta and what do you want to do heading into the weekend?**

DUSTIN JOHNSON: Just keep doing exactly what I've been doing. I'm swinging well, placing the ball where I want to. Hopefully I can roll in a few putts over the weekend.
