## Jordan Spieth

### Quick Quotes

**TRAVELERS**  
CHAMPIONSHIP

**Q. Jordan, how would you assess the round out there today?**

JORDAN SPIETH: It was probably the highest I could have shot today. I just didn't make anything. I didn't make any putt outside of probably six feet today, and I hit a lot of good putts. So yeah, I mean, it was -- wedge play and putting were a little bit off today, but I'm really pleased with shooting 3-under when it felt like it was the highest I could have shot. It played tougher. It was a different golf course this afternoon than it was either of the last two days, and it certainly looked a little different than this morning, so hopefully tomorrow morning we get it without the wind and a little bit more receptive, and we can take it deep.

**Q. Was the course firming up a little bit out there?**

JORDAN SPIETH: Yeah, yeah, there were certain holes where you started to see it get real shiny on the high points of the green, which is a sign of it obviously starting to bake out. If we don't get any rain, it looks like the weekend it could certainly play very firm.

**Q. I hear you guys say a lot, that's the highest I could have shot. Is that a positive thing to you or maybe a little bit of a fix?**

JORDAN SPIETH: Yeah, it's frustrating but it's positive, yeah. I think when I'm saying it, I'm meaning it in a positive manner, I just simply -- I hit a lot of good putts and they either bounced a little bit or I just misread them, whatever it may be. From where I hit my tee balls, I really should have shot a lower score, so that part is frustrating. Especially when you feel good about kind of the way you're hitting it, it just seemed like I played a 7-under round and only shot 3. Yeah, just going to try -- in other words, I don't really need to change much, just hopefully more of them go in.

**Q. From last week, what did you take out of last week? Did you take more out of the first couple days or the weekend?**

JORDAN SPIETH: Yeah, I don't know. Each week I've been trying to kind of figure out where things are and try and get in a groove, and the idea is to start to try and really get it going come August through kind of the next August. I feel like I'm happy with where things are progressing. I kind of had a long way to go when we went into quarantine and I feel like I've come a long way since then to where I actually stand on the tee feeling like I can go low each day versus I'm fighting a lot of things.

It doesn't feel like I have full command of every shot like I'd like, but I'm working in that direction, and more and more shots seem to be kind of -- I have more shots going where I'm looking each week so far.
