## Joaquin Niemann

### Quick Quotes

**Q. Just some comments on your round today.**

**Bogey-free, one of the few today. Must have been a little tricky but not for you.**

JOAQUIN NIEMANN: Yeah, I been playing really good this week. Last couple days I shoot really good rounds, and I'm start to feeling really good with my game.

My putter start working pretty good this week, so I think that's it. Just keep waiting, keep being patient for that putter to drop the putts.

**Q. I think at the start of the week I guess you've just become more familiar with the golf course the more times you've played it towards the end of the week.**

JOAQUIN NIEMANN: Yeah, first time I play this event and I really enjoyed it. Really, really nice course. Fits my game. Yeah, I really enjoy this courses. It was getting firm every day because after the rain couple days was pretty soft.

**Q. How did you like all the clubhouse and all that?**

JOAQUIN NIEMANN: It's nice. I have no idea how was it before because first time here, but I like it. It's really nice locker room. They got ping-pong table that was fun. Good food.

Yeah, enjoy this week.

**Q. After your early success last year has your sophomore season been more of a struggle than you anticipated?**

JOAQUIN NIEMANN: Yeah, I mean, it's not the season I was expected to, but I know that my game is there. I been playing good. I just need to be patient.

The middle of the season this year I start struggling with my game and I was like too worry about it. Now just try to enjoy more again. Just go out there, try to hit good shots, and have fun.

**Q. Obviously some more golf left to play, but where you are right now would tie your best finish on tour. Does that sort of give you a mental boost for the rest of the season?**

JOAQUIN NIEMANN: Yeah, last couple weeks I been playing good. My putter was a little bit off, but I think this week with my putter going good, that's why it was a

**TRAVELERS**  
CHAMPIONSHIP

good week. I feel good for the next couple weeks I have coming.

**Q. What sort of turned things around for you in terms of putting or game overall this week, recent weeks?**

JOAQUIN NIEMANN: One thing that helps me a lot on my I putting was I start using that Perfect Putt. That helps me a lot to get a good read. It's all about the speed also. Before when I miss a putter I always blame myself like I was a bad putter. Now I know that I hit a good putter, and if I miss it it was probably because of the speed or didn't break much.
