## Bryson DeChambeau

### Quick Quotes

**TRAVELERS**  
CHAMPIONSHIP

**Q. Bryson, you had a pretty good round. I know you had some frustrations out there, looked like you shaved the lip a couple times, but what you saw what Phil was doing out there, even though you're concentrating on your game, what did you think of what he had going? I think he was 7-under today.**

BRYSON DECHAMBEAU: Yeah, I mean, Phil was making putts and holing shots out of the bunker on 4. I mean, he's playing unbelievable. So more power to him. He's doing a great job.

For me, I'm still trying to play like the casino. I played my worst golf the past couple days and I'm still up there. I'm just trying to play -- look, I might play worse tomorrow, might play better tomorrow. I have no idea. It's just one of those things where I don't feel like my "A" game is there, and I have putts lipping out on the edges left and right. It's unbelievable.

**Q. When you are at that position, how encouraging is it that you have not come close to your "A" game and you're still right up there?**

BRYSON DECHAMBEAU: It's good.

**Q. What does that tell you?**

BRYSON DECHAMBEAU: It means a lot. It means I've worked really hard in the off-season and I think shows some great potential. So I'm looking forward to the majors this year and what I can do to improve the driving even more and improve my iron play and chips around the greens. For some reason I just cannot get any control on the chips around the greens, but my wedging is fine. I haven't had an issue with that.

**Q. How weird and frustrating was the 428-yard cart path drive and not being able to capitalize on that?**

BRYSON DECHAMBEAU: Again, it was one of those situations where if I'm up in the right rough on the slope, I bump it and run it up there, and instead, again somehow I dropped it and I caught a flier. I mean, I tried to hit a 35-yard shot and it came out 50 yards, and I'm like, what is going on. There's some things I've still got to work out and some stuff I clearly don't understand yet with the wedging.

**Q. So it's a little bit more of you're anticipating one thing and getting another result?**

BRYSON DECHAMBEAU: Yeah, it's not me. I feel like

I'm executing the shots I want to, it's just coming out weird, and so that's been the mystery my whole life with wedging. I don't know why. That's been the one thing, and the putting is just -- that's just a game that I feel like I'm making a great stroke, great speed, and the putts are lipping out. Seems like there's just a seal over the hole.
